- Monthly tuition rates apply for August through May for Preschool, August-July for Infant/Toddler.
- Occasional hourly use of extended care is \$25.00 per hour (or any part of an hour). Extra hours need to be scheduled and approved through the office.
- Occasional drop-in days if space is available, is \$80.00 per day.
- Part-time children may use up to three make-up days per school year when space is available. These need to be scheduled and approved through the office and are not guaranteed. Full-time students receive free early care as opposed to make-up days.
- Early and After Care tend to fill up and if not enrolled, a drop in day is only available if space allows and is not guaranteed. Any changes in scheduling need to be approved by the office.
- Our school has various closures due to holidays and staff development. Tuition is discounted 25% in August, November, and December. Tuition rates for all other months are based on an annual average of scheduled school days and are divided into consistent monthly payments. Scheduled holidays and closures have already been factored into the monthly tuition rate. For closures and special events, please see the provided school calendar.
- FFP does not discount tuition due to sickness or vacation. If the school is unable to provide care on a scheduled open day, tuition may be adjusted.
- The 2 and 3 day option for our Infant/Toddler program is no longer available.
